Introduction

My Profile

I'm Maryam, a dynamic graphic designer with a passion for coding. I excel in high-level languages like C++, Java, Python, and assembly languages. With my expertise in both design and coding, I create visually stunning and technically sound solutions. I also possess excellent content writing skills.

Thanks for your consideration

I take pride in combining creativity and technical expertise as a graphic designer and coder, delivering unique solutions. My determination drives me to give my best effort in every assigned task.

I'm actively working on is my tendency to be less social and less interactive with others. While I appreciate the value of teamwork, I sometimes struggle with fully engaging in social interactions. However, I am committed to improving this aspect of myself by actively participating in group work and joining reputable industries like yours.
